February 26, 1992

Mrs. Jane Duff
Assistant to the President
Trinity Broadcasting Network
P.O. Box C11949
Santa Ana, California 92711

Dear Mrs. Duff:

I am writing to you on procedural matters concerning this firm's representation of both National Minority TV, Inc. ("NMTV") and Trinity Christian Center/Trinity Broadcasting Network ("TBN").

At the outset, I understood that our representation would be on behalf of NMTV only, and I opened the account here at the firm in the name of NMTV. After getting deeper into the matter, discussing it with Messrs. May and Dunne, and meeting with the Board of both organizations, however, it is clear that the representation involves both NMTV and TBN. Accordingly, I have opened an account for a second client matter in the name of TBN, and you will receive monthly statements for both clients.

In allocating time and expense charges between the two clients, we will try to assign the charges on the basis of which of the two organizations is being "defended" at the moment. Where a division on that basis is not possible, we will divide the time and expenses between NMTV and TBN, usually equally. To illustrate, my time charges in connection with the WHFT license renewal (a TBN matter) will appear on our TBN statement, but the time spent in preparation for, and participation in the meeting in Irvine on Monday, February 24, will be divided equally between NMTV and TBN. Please let me know if this approach works for both NMTV and TBN, as it does for our accounting staff.

Secondly, as I indicated in an earlier letter, in opening a new matter, we typically require a retainer which is held until a payment history is established and then is credited

against outstanding charges. When you receive the NMTV statement for the month of January 1991, you will note that I have already credited most of your retainer against the statement. Moreover, in opening the new TBN client file, I have decided not to impose a retainer requirement. Having met with Dr. Crouch and you, and the other principals, I see no need for such a requirement. I do ask, though, that our monthly statements be paid promptly, within thirty days of their date, so that this firm is not left in the position of "carrying" substantial outstanding balances.

Finally, as matters come up that require discussion, I plan to work through Colby May and Joe Dunne whose knowledge, commitment and attentiveness have been unfailing. When I need to make contact directly with someone in Irvine, I will try to reach you first, since it is clear that Dr. Crouch is swamped with work and that in this area he depends on you completely.

Please give my warm regards to Dr. Crouch, and to the others with whom I met on Monday.

Sincerely,

Tyrone Brown

cc: Dr. Paul Crouch

RE: Application of National Minority TV, Inc. for a Major Change
for TV Translator W57BK, Toledo, Ohio -

Dear Sir or Madam:

Filed herewith, in triplicate, on behalf of the above-referenced party, is an application requesting a major change to TV translator facility W57BK, Toledo, Ohio, submitted on FCC Form 346.

Pursuant to section 1.1104 of the Commission's rules, a check in the amount of \$425.00 made payable to the Federal Communications Commission, along with the required "Fee Processing Form" (FCC Form 155) is also attached.

If any questions should arise concerning this matter, kindly contact the undersigned directly.

Respectfully submitted,

NATIONAL MINORITY TV, INC.

CERTIFICATION OF PREFERENCES

MINORITY

The applicant certifies that it is entitled to and seeks to claim minority preference.

☒ Yes ☐ No

If yes, complete the following:

| Name | Address | Percentage Interest in the applicant | Minority Group |
|-----------------|--|---|----------------|
| Jane Duff | 15052 Hunchrey Circle Irvine, CA 92714 | 33-1/3% | Black |
| Phillip Aguilar | 320 North Anaheim Blvd. Anaheim, CA 92805 | 33-1/3% | Hispanic |
| Paul Crouch | 1973 Port Chelsea Place Newport Beach, CA 92660 | 33-1/3% | None |

DIVERSIFICATION PREFERENCE

The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in any media of mass communications.

☐ Yes ☒ No

If Yes, DO NOT respond to questions 3 and 4.

The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in more than three mass communications media facilities.

☐ Yes ☒ No

The applicant certifies that it and/or its owners have no interest, in the aggregate, exceeding 50 percent in a media of mass communications in the same area to be served by the proposed station.

☒ Yes ☐ No

For Low Power TV applicants, will this station employ on a full-time basis five or more persons?

4
☐ Yes ☒ No

If Yes, the applicant must include an EEO program called for in the separate Broadcast Equal Employment Opportunity Report (FCC Form 396-A).

SECTION VII - CERTIFICATIONS

For new station and major change applicants only, the applicant certifies that it has or will comply with the public notice requirement of 47 C.F.R. Section 73.3580(g).

☒ Yes ☐ No

For applicants proposing translator rebroadcasts who are not the licensee of the primary station, the applicant certifies that written authority has been obtained from the licensee of the station whose programs are to be retransmitted.

☒ Yes ☐ No

Main station proposed to be rebroadcast:

| Call Sign | City | State | Channel No. |
|-----------|-----------|------------|-------------|
| KTBN | Santa Ana | California | 40 |

The applicant certifies that it has contacted an authorized spokesperson for the owner of the rights to the proposed transmitter site and has obtained reasonable assurance that the site will be available for its use if this application is granted.

☒ Yes ☐ No

That person can be contacted at the following address and telephone number:

| | | | | |
|------|--------------------------------|---------------|-------------------|---|
| Name | Mr. Bob Moore The Land Bank | | | Mailing Address or Identification |
| | | | | 319 Madison Avenue |
| | Toledo | State Ohio | ZIP Code 43604 | Telephone No. (include area code) (419) 531-1440 |

The APPLICANT hereby waives any claim to the use of any particular frequency as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

The APPLICANT acknowledges that all the statements made in this application and attached exhibits are considered material representations, and that all exhibits are a material part hereof and incorporated herein.

The APPLICANT represents that this application is not filed for the purpose of impeding, obstructing, or delaying determination on any other application with which it may be in conflict.

In accordance with 47 C.F.R. Section 1.65, the APPLICANT has a continuing obligation to advise the Commission, through amendments, of any substantial and significant changes in information furnished.

**WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND IMPRISONMENT.
U.S. CODE, TITLE 18, SECTION 1001.**

I certify that the statements in this application are true, complete and correct to the best of my knowledge and belief, and are made in good faith.

ENGINEERING REPORT

NATIONAL MINORITY TELEVISION, INC.

PROPOSED TELEVISION TRANSLATOR W57BK
CHANNEL 46 - TOLEDO, OHIO
[MODIFICATION OF BPTT-890310SC]

MARCH, 1991

CONTENTS

| | |
|--------------------------|--------------------------------|
| EXHIBIT A | Engineering Statement |
| EXHIBIT B | Site Location Map |
| EXHIBIT C | Elevation of Antenna Structure |
| EXHIBIT D | Terrain and Contour Data |
| EXHIBIT E | Predicted Service Contours |
| EXHIBIT F | Allocation Study Data |
| FCC FORM 346, Section II | |

EXHIBIT A

ENGINEERING STATEMENT

The engineering data contained herein have been prepared on behalf of NATIONAL MINORITY TELEVISION, INC., permittee of Television Translator W57BK, Channel 57, Toledo, Ohio, in support of its application for modification of Construction Permit BPTT-890310SC to specify a new transmitter site, antenna, and operating channel.

W57BK is presently authorized to operate with a directional antenna from a site located west of Toledo, but the permittee has lost approval to locate its transmitting antenna at this site. Unfortunately, since the grant of the W57BK Construction Permit, an applicant has filed for and received authorization to operate on Channel 64 in Toledo. That authorization effectively precludes a move by W57BK to a new transmitting location. The instant application seeks to change operation to Channel 46 and transmit from a new site.

The proposed site is plotted in Exhibit B. There exists at this site a 429-foot nonbroadcast communications tower. It is proposed to mount a standard Scala omnidirectional antenna on the side of this tower, as shown in Exhibit C. Exhibit D is a tabulation of terrain and contour data for the proposed facility. These data were used in the preparation of Exhibit E, a map upon which the predicted service contours are plotted. A detailed, computerized allocation study concludes that this translator can operate as proposed without causing calculated interference to any authorized or proposed television service.

EXHIBIT A

Since no change in the overall height or location of the approved tower is proposed, the FAA has not been notified of this application. The FAA issued a Determination of No Hazard for this structure in Aeronautical Study No. 88-AGL-1591-OE.

Now that the FCC considers the possible biological effects of RF transmissions in its environmental determinations, we have studied the matter with respect to the instant proposal. Assuming an effective radiated power of 4.7 kw (average visual ERP plus aural ERP [assumed to be 20 percent of peak visual ERP]), an effective antenna height of 128 meters above ground, and an antenna vertical relative field value of 10 percent at the steeper vertical angles (from *OST Bulletin No. 65*), we calculated the maximum power density to be 0.000097 mw/cm² at the base of the tower. Since this is significantly less than one percent of the 2.2 mw/cm² allowable power density for a facility operating on Channel 46 (662-668 MHz), a grant of this proposal would clearly qualify as a minor environmental action with respect to non-ionizing electromagnetic radiation.

I declare under penalty of perjury that the foregoing statements and the attached exhibits, which were prepared by me or under my immediate supervision, are true and correct to the best of my knowledge and belief.

KEVIN T. FISHER
